## Respite and Short Break Centre

Our Respite and Short Break Centre can provide safe and flexible services for people with Learning and Physical Disabilities or Mental Health Issues.

Our beautiful four bedroomed bungalow has large gardens, with spacious lawns and a vegetable patch.

It is set on the outskirts of Glentham overlooking open countryside with a variety of wild-life including:

deer, owls, horses, and a multitude of visiting birds.

# FOCUS on Ability ... not Disability

We aim to provide a flexible service with breaks from 1 night to a couple of weeks. This can be on a regular basis as a one off to cover much needed carer holidays.

Our attitude is ...

“If we can” “We will”

but we will never say yes to something we cannot commit to.

We aim to provide the type of break you want to have. It can be as active or relaxing as you like.

You may want to learn some new skills, spend some time exploring our peaceful location or take advantage of our Day Opportunities Centre, in close by Market Rasen. The limits are only your imagination.

At Highfields we have a large kitchen where you can help prepare you own meals.

Every guest has a private bedroom.

We have a shower room with wet room floor and an accessible bathroom.

Comfortable living area with views over open countryside.
